

Education: WORKSHOPS

All of our workshops are modified according to the needs of our audience. Our priority with virtual workshops is to maintain a similar level of interaction, engagement, and value to participants as offered through our in-person sessions by creating discussion questions and activities throughout each presentation. We resumed in-person workshops in 2022 and will increase our offerings at both sites in 2023.

Our main workshop topics include

- The Job Search and Interview Process
- Wearing the Right Attitude and Outfit
- The Impact of Social Media
- How to Build a Strong Resume and The Importance of Networking
- Managing Your Money
- Getting Out of Debt / How to Build Your Credit
- How to Dress for Less
- Vision Boards

Education: NEW CHOICES SERIES

We have a partnership with Pennsylvania Women Work (PAWW), and Wings for Success is now the designated “New Choices” site for Chester County. “New Choices” aims to help economically disadvantaged adults pursue family-sustaining careers through employment and continued education.

Demographic:

- Any man or woman over the age of 18 interested in advancing in their career, training, or gaining employment may attend this 5-week series.

The program’s primary objectives are:

- Facilitate participants’ work readiness through **career skills development**
- **Reduce participants’ barriers** to obtaining and retaining employment.
- By working with underemployed and unemployed individuals in a personalized setting, our facilitators empower individuals to **break the cycle of poverty** and achieve an improved quality of life for themselves and their families.

After completion, each client receives a certificate of completion (which may be added to their resume), a 1:1 Advice Session for a final review of their resume, and a dressing appointment.

Every participant in this series is assigned a coach who will ensure they complete the program, leaving with a professional resume and SMART goals. This coach will follow-up at the 1, 3, and 6-month marks following the series to ensure the participant is reaching their employment goals.

Coaching: 1:1 Advice Sessions

Our goal is to provide support for overcoming an individual’s obstacles. These one-on-one sessions with a professional allow us to help clients address their unique situations. Many times we are assisting women in building goals and equipping them with tools to either procure employment, change careers, or advance in their career. We are also guiding women on how to advocate for a better salary or a promotion in their current role. We have local, bilingual professionals who are available to guide our

Spanish-speaking clients and a proud addition of a bilingual Financial Advisor.

Whether they are exploring new career options, updating their resume or want advice on preparing for interviews, we help individuals with tailored one-to-one support. They have the option of meeting by phone or on a video conference call with an experienced volunteer who helps enhance and develop the tools, skills, and confidence needed to be successful in today's job market.

Individuals may request a 1:1 through our website and select from the following topics:

- Career Path
- Job Seeking Tips
- LinkedIn How-tos
- Resume Review
- Job Interview Preparation
- Financial Consultation
- Purchasing a Home
